Encouragement of electric cremation

*398. SHRI PRAMOD MAHAJAN : Will the Minister of ENVIRONMENT AND FORESTS be pleased to state :

(a) whether Government propose to encourage cremation in Electric Crematorium in order to save wood ;

(b) if so, what are the details in this regard ; and

(c) if not, what are the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SMT. MANEKA GANDHI) : (a) to (c) The New National Forest Policy of 1988 stipulates that to relieve existing pressure on forests for the demand of wood, recourse should be taken to substitution of wood. The policy states that full needs should be substituted as far as possible with alternate sources. The total requirement of fuel wood for cremation as estimated by the Advisory Board on Energy (ABE) May, 1985 is around 20 lakh tonnes annually for the country. This works out to a daily requirement of 5,500 tonnes approximately. The Government is encouraging setting up of electric crematoria for cremation purposes, 28 schemes involving setting up of 34 electric crematoria costing Rs. 11.50 crores have been sanctioned under Ganda Action Plan during the past four years. Municipal Commissioners of all cities with a population of more than one million have been requested to formulate action plans to instal electric crematoria. They have also been requested to consider installation of improved food burning crematoria if it is not possible to provide electric crematoria immediately.
